Ever wish you could get down and dirty in the ring? Well, many female fighters are fulfilling their own personal fantasies by accepting non conventional matches. There are mud fights, oil fights and even jello fights. It doesn't matter what the combatants roll around in—as long as it's messy and fun at the same time.

In this issue of FIGHTING FEMALES, we spotlight jello wrestling—a sport that is quickly gaining popularity around the country. Ravishing Renee, the current jello wrestling champ not only enjoys what she does for a living, she's darn good at it too! Check out her story on page 67 and our exclusive jello battle royal on page 16.

For those of you who follow the pro wrestling scene, have we got features for you! You'll find all the

latest out about Jamie West, Brittany Brown, Allundra and Luna, just to name a few.

The boxing world comes alive with Leather and Lace's Foxy Boxers. These brutal battlers are spotlighted on page 8 and the action just doesn't get any hotter! Also, meet Susie Kreuger who does it all—she can wrestle and she can box and she does both oh so well.

If it's action and excitement you're looking for, you've come to the right place. FIGHTING FEMALES proudly presents the best in hand to hand combat and much, much more. So, without further ado, sit back, relax and enjoy, enjoy, enjoy!

foxy boxing

Leather & Lace Productions offers everything for the connoisseur of female fighting including catfighting, bodybuilding, boxing, competitive wrestling, erotic combat and apartment style wrestling. The competition is fierce, battles intense and the talent totally awesome, thanks in part to L & L's star, Candi.

Candi, who is not only a boxer and wrestler but the vice president of the company as well is truly pure dynamite in the ring. She is small and petite, standing just 5'2" and weighing 105 pounds but she can take down and pin a 150 pound male with ease.

Don't let her beauty fool you. Candi's strength and speed are equal to none and she excels in both boxing and wrestling. Her opponents have to watch out for her right hook, her powerful legs and her well toned body.

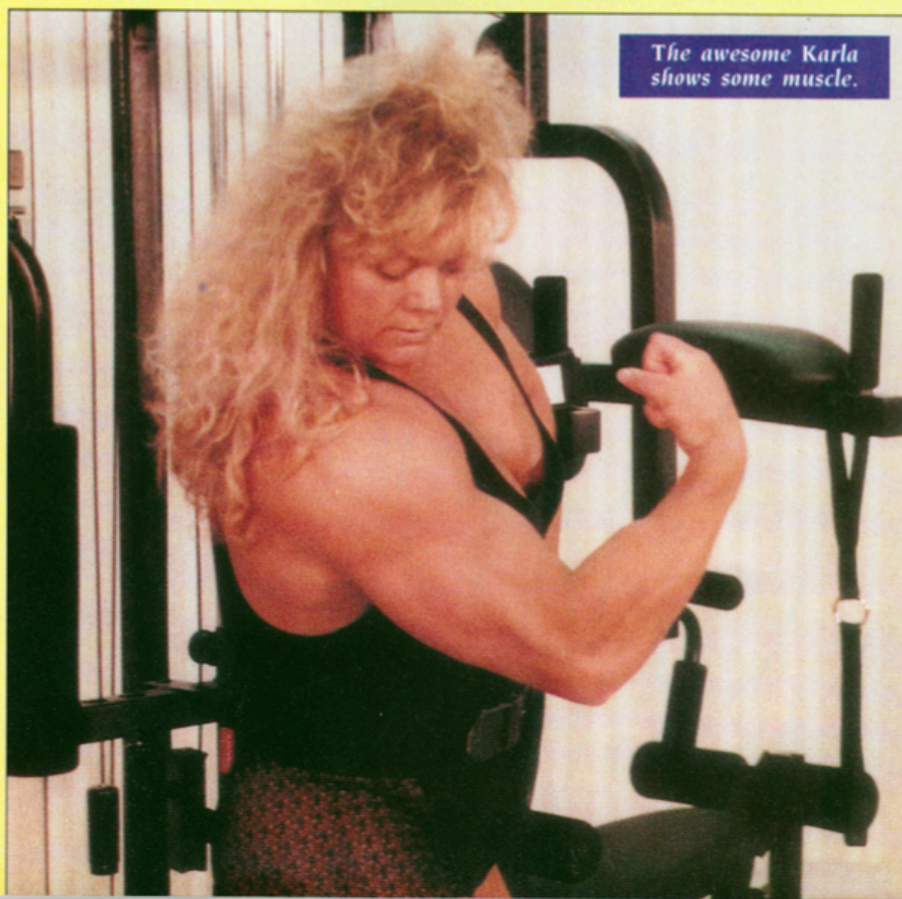

Candi and company are always on the look out for girls who are interested in pursuing a career in boxing, wrestling and/or catfighting. You can write to: Leather & Lace — P.O. Box 455 Cary, IL 60013 if you're interested in learning more about this fine company. ■

FOXFIGHTS1: 4 Fantastic topless battles featuring 8 fiery femme fatale foxes. Bodybuilders Bambi and Nichelle go muscle-to-muscle and tear into each other. Spunky Samantha slaps around sweet Holly in a rip-snortin' rip-rasslin' strip fight. Now step into the ring as tough-as-nails Jude takes some guff from busty Heather and then ties her up in the ropes as the fur flies turnbuckle to post. Finally, dark and mysterious Nico locks horns with the exquisite Morgan and the two beauties torture and torment each other to sublime submission all over the ring. Head and bodyscissors, slapping and slamming, painful and creative submissions. As a bonus, this tape also includes a female wrestling match from a major amateur tournament and pro wrestling action from overseas. A very full two hours!

MIXED FOXFIGHTS1: 4 gorgeous blondes take on 4 male counterparts. In most mixed-action the so-called males are real dogs. Well, no bow-wows here. The men in these bouts match the women for good looks which make their ultimate humiliation all the more delicious. Pam is pulled over for speeding by Officer Dan. As he writes her up she proposes wrestling him for the ticket. Krissy and Frank are both strippers. "Not only can't you dance," she tells him, "But I bet you can't fight either!". Construction worker Cruze comes home to his girlfriend Toni and finds another guy's cap. He proposes to teach her a lesson, but that's not the way it turns out, especially when the other guy shows up! Lastly, mouthy longhaired Doug suffers the wrath of the bigger and lovely Miss Jackie. All except Jackie go topless and she's in a teeny tiny string bikini. Punishing and smothering headscissors, low blows, wrestling and submission domination. Bonus bouts also included. JELLO BATTLE ROYAL

Milwaukee is known for many things...BEER, CHEESE, THE BREWERS, but now you can add the wild, wacky and very slippery world of jello wrestling to that list!

The Red Corvette Nightclub, located in Milwaukee's Bayview area has hosted many a jello match this past year. Fans have their favorites and they come out to root for them in this slippery and often crazy world

of grappling.

One of the crowd pleasers is originally from Georgia and she is aptly called Misty Peach. This gal is unbeaten in the jello game and there is no sign of her tiring in the future. Misty has the perfect body for wrestling. Her wiry arms and lanky legs are able to keep the most experienced grapplers at bay and she can easily counter any of their ma-

neuvers. She possesses great leg strength and her deadly leg scissors have caused both male and female opponents to submit in agony.

Still, in the "ring of jello", even the most experienced wrestlers have a rough time gaining an advantage. Anything can happen and it usually does. So, get a grip and enjoy the WIGGLY, JIGGLY WORLD OF JELLO WRESTLING!

Jello wrestling sure can be fun!

Sammy Storm stops Misty Peach with a handful of blueberry jello.

It's all out chaos on the jello dripping dance floor!

Sammy Storm gets ready to spank Misty.

Two's company, three's a crowd and four is utterly ridiculous!

Bashful Becky goes toe to toe with Rappin' Roy.

Misty Peach gains the advantage on Chillin' Chico.

Misty and Bashful Becky take Rappin' Roy down to size.

TAMI FRAZER

BY J.P. ERICKSON

If you thought Tami Frazer was just your average muscle maiden, you're wrong. Besides flexing her muscles in competition, Tami has also put her strength to the test in almost every kind of combat sport there is.

She developed an interest in pro wrestling in 1989 when she auditioned for a role that turned into a small part in a TV movie as a wrestler. She got the part and ended up appearing in a number of pay per view TV movies doing professional wrestling.

Tami's formal wrestling training went hand in hand with the movie roles she landed as a wrestler; each meant more training where she continued to expand her knowledge of the sport. Still, Tami knows that there is a big difference between making movies that involve wrestling and the sport itself. She admits she has a long way to go to make the national rankings in America but she is willing to give it a try. "I haven't had a lot of experience but I do like the competition and so far I have gotten by on my sheer strength," Tami explains.

Part of this strength is her ability to bench press 225 pounds. Add to this her intimidating size - 165 pounds of rock hard muscle packed on to a frame that stretches the tape measure to just under 5'10" and she makes a formidable opponent for anyone.

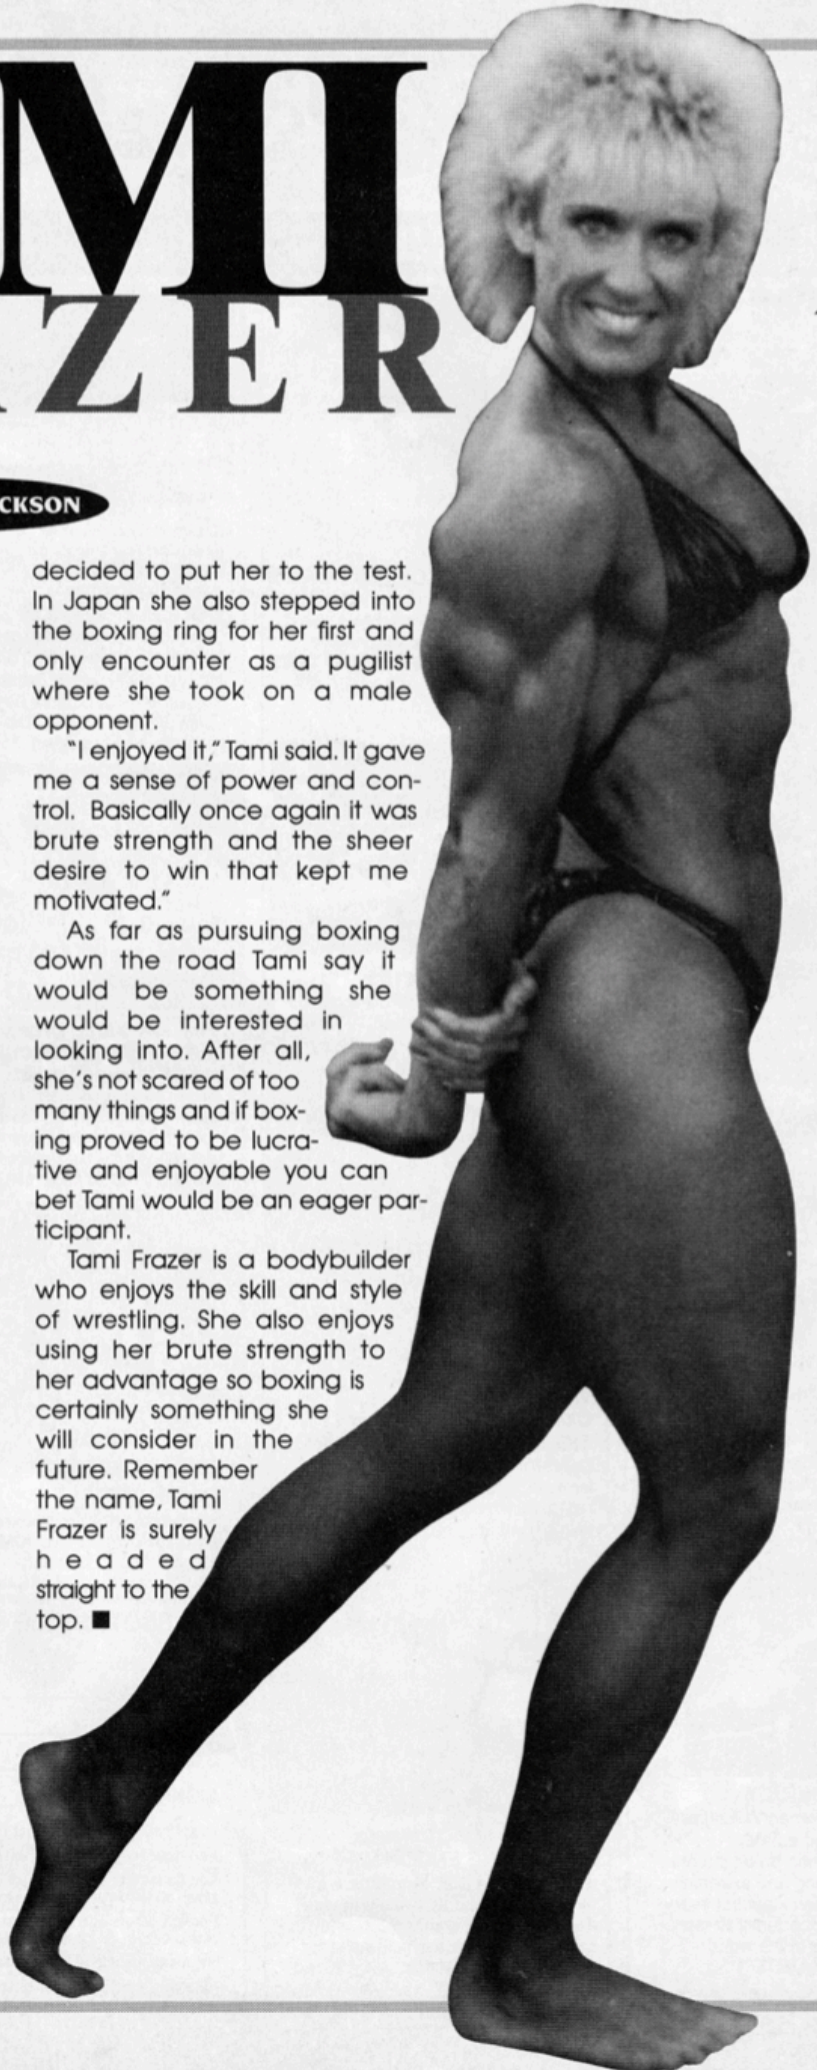

Tami has also done some collegiate style wrestling. During a tour of Japan she tried her hand at arm wrestling and had the chance to compete in a sport very few women ever get the opportunity to test themselves at—Sumo wrestling. Again, relying on her overpowering strength she was able to defeat her opponent, a Japanese man who

decided to put her to the test. In Japan she also stepped into the boxing ring for her first and only encounter as a pugilist where she took on a male opponent.

"I enjoyed it," Tami said. It gave me a sense of power and control. Basically once again it was brute strength and the sheer desire to win that kept me motivated."

As far as pursuing boxing down the road Tami says it would be something she would be interested in looking into. After all, she's not scared of too many things and if boxing proved to be lucrative and enjoyable you can bet Tami would be an eager participant.

Tami Frazer is a bodybuilder who enjoys the skill and style of wrestling. She also enjoys using her brute strength to her advantage so boxing is certainly something she will consider in the future. Remember the name, Tami Frazer is surely h e a d straight to the top. ■

Behind The Scenes At

Kenstar Productions, a video company that was started three years ago provides the best in wrestling action. There is a championship belt up for grabs and with Kenstar's new ranking system, it's easy to see exactly where your favorite fighting females rate in their different weight classes.

Kenstar's newest video features the battle of the undefeated heavy-weights in a submission style match. Tigra, 5'8" and 178 pounds of pure

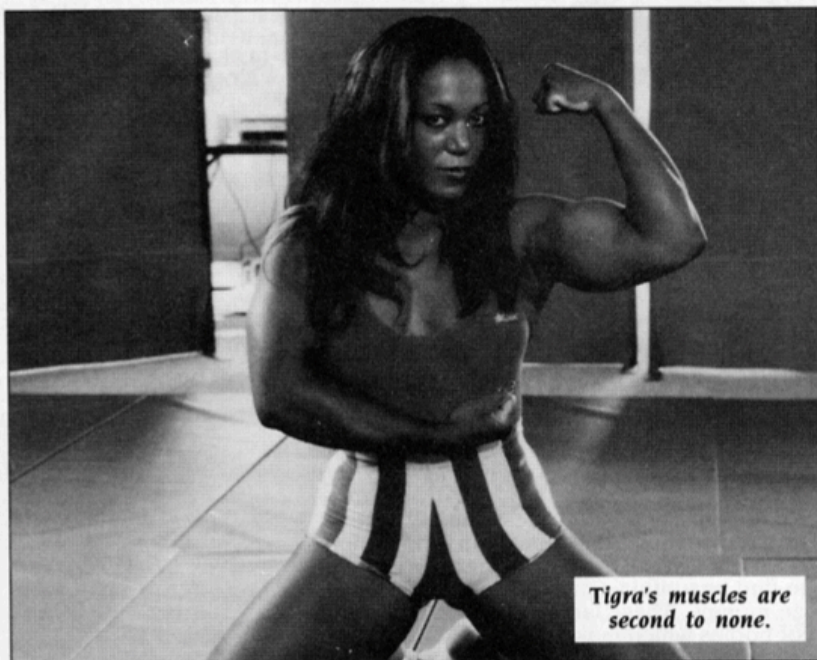

steel took on Sally McNeil, 5'3" and 157 pounds, a veteran of many a ring war. This match was greatly anticipated and the two ladies did not disappoint.

Tigra, who hails from Northern California, has wrestled worldwide as an amateur and has gone up against the best in the business, both male and female. Sally, who has just finished bodybuilding competitions is easily in the best shape she's ever been.

Both wrestlers had an undefeated reputation going into this match. Suffice it to say, the action was intense and the holds were long and punishing.

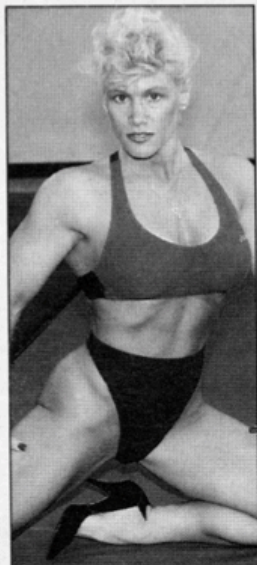

Kenstar is up on all the latest and the greatest in the grappling game. For further info you can write to:

Double Trouble

The girls from Double Trouble are bold, bad and beautiful. Former blonde model/dancer/actress, Gina Molino is the brains behind this beautiful operation and she says she got involved in the business because of a Hollywood strike. "I organized and started booking some of my out of work friends to deliver singing telegrams and from there I branched out into finding talent for other ventures, including female wrestling for nightclubs," Gina explained. At one time she was booking over 12 shows of ladies wrestling per week. Ahh, the good old days!

Today, Double Trouble is forging ahead with great new tapes that feature over 100 different girls. Gina and her crew can be seen on

European network and cable television and they have been shooting for TV Vienna for over seven years. Maybe if the U.S. fans scream long and hard enough, they will be the lucky recipients of these types of broadcasts as well!

The girls who wrestle for Double Trouble are as tough as they come. For example, the fiery redhead Spice Williams was trained by Judo Gene LaBelle, a champion for more than five years and she takes her chosen profession very, very seriously. "I'm the kind of wrestler who hates to lose," she says. "I like to wrestle in matches that really challenge me and most of the girls at Double Trouble are good athletes. Just last week I wrestled Heather and I still

ache from that battle." When asked why she enjoyed pushing her body to the limit Spice replied "I'm always up for the challenge. I feel like I could ram my head into a brick wall and say "Oh, that felt really good! Let me see how I can punish my body!"

Gina and her gals are looking forward to the future and offer all types action including pro, topless, cat-fights, boxing and mixed matches. Gina is constantly searching for new talent and offers only the best in female action to her fans. For further info write to:

ESTLING

BY FRED HARTZ

The Shimmer And Shine Of Golden Girls

Since its creation in the early 198's, GOLDEN GIRLS has enjoyed enormous popularity. You might ask, why are we different? Well, there are a lot of reasons and nothing we did was by chance. Everything was by design.

The success of this company starts with its our girls. We were picky and probably a little lucky. Our name, GOLDEN GIRLS, implies class and that's the exact quality we found in all our wrestlers.

We also nurture the glamorous look. There is a full dressing room at our studio where girls can put on their make up and do their hair. We have a wardrobe of wrestling outfits that are second to none. You never see a woman wear the same suit twice, and very rarely will you see another wrestler in the outfit after it was worn once.

GOLDEN GIRLS never settled for women "willing to do it." We want women who enjoy wrestling and want to do it. Unbridled feminine fury is certainly our trademark.

In the near future, GOLDEN GIRLS plans to take the show on the road. We've invented a new, portable ring which opens into two configurations. One is suitable for wrestling with a

The Golden Girls pose for a group shot.

cushioned floor and the other has a hard floor which is required for boxing. How do the girls feel about wrestling? In truth, they love it. It's a rush for them, just like it's a rush for those who enjoy watching them. For the women it's also a sport. They know they can get hurt. In our ring, we've had broken and bloody noses and mouths and more than a few losers had to be taken to the hospital. Does that stop them. Not at all. Our girls are devoted to the sport. A few have been wrestling more than a decade. They shrug off the bruises and demand a rematch. After a while, the sport gets into your blood.

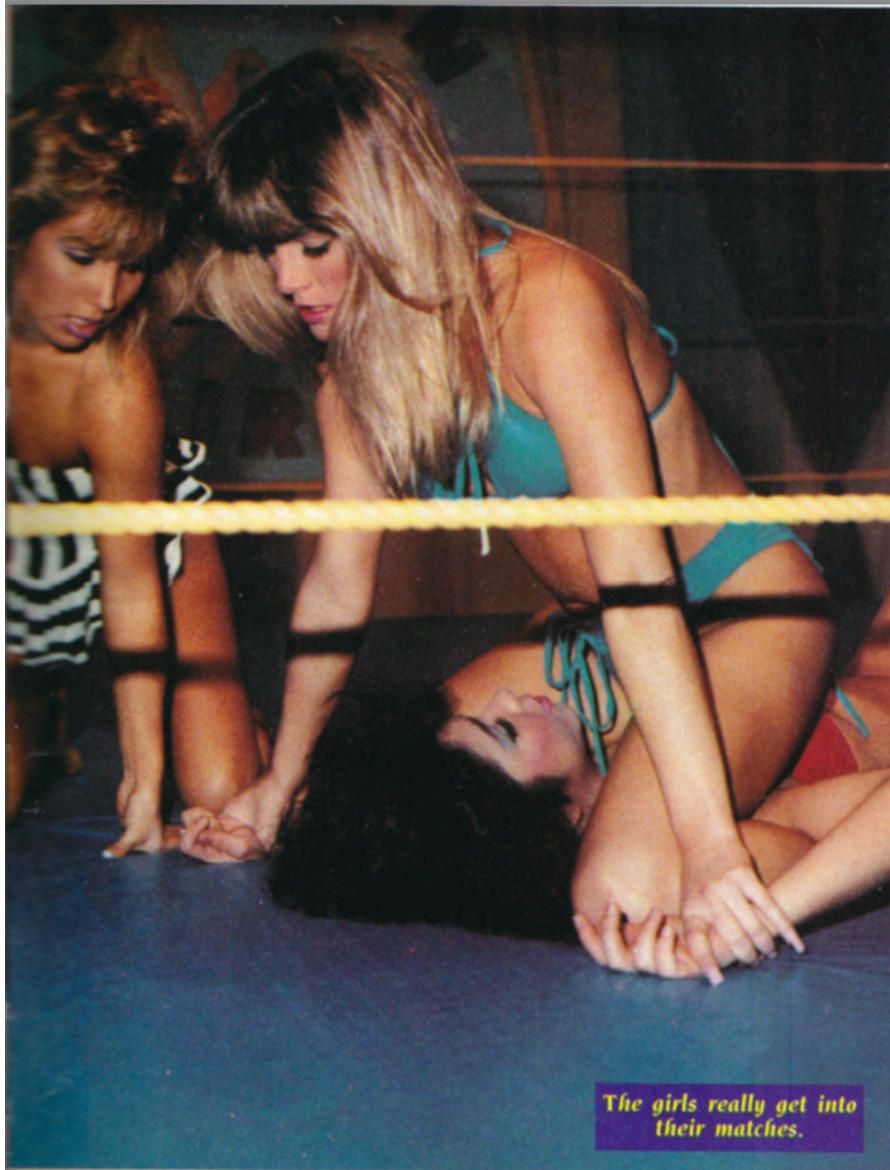

We've done a few fantasy bouts and mixed bouts. Our girls have fought in mini skirts, evening dresses, nightgowns and high heels. Some of our losers have even been handcuffed to a turnbuckle. In one memorable bout, the unconscious loser got a shampoo in mid ring. Our best matches are never planned. The girls just get caught up in the fight.

At GOLDEN GIRLS, every match starts and ends the same. We open with a close up view of each wrestler. The girls are in perfect order. When the action is over

there is another close up showing messed up hair, sweaty bodies and occasionally missing pieces of clothing. You see the victor and feel the exhilaration. You see the loser and feel the agony of defeat. She is always a thoroughly whipped woman, another GG trademark.

There is nothing wrong with females fighting. Women just do it differently than men and vive la difference. We give our audience what they want to see. That's why they always come back for more. ■

A FIERY CO

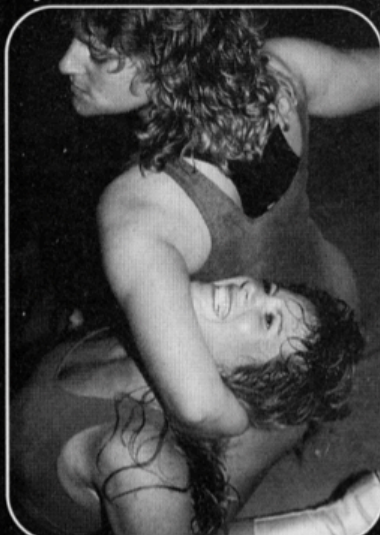

Allison Royal feels the
wrath of Molly McShane.

C S H A N E MPETITOR

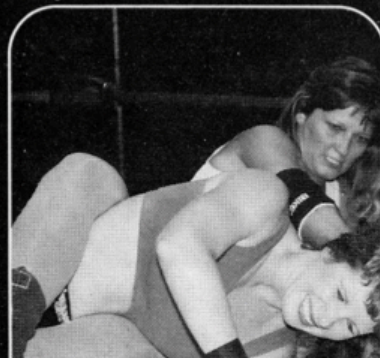

McShane is caught in Robbie Rage's headlock.

Lisa Handzel has Molly trapped.

Molly turned the tables on Robbie.

After watching Molly McShane take on different opponents in the last few months, she seems to be aggravated with all of them. Her attitude is more than a bit volatile. She's always been competitive but when asked about her aggressive change of style Molly explained, "I started out wrestling scientifically because it was a good way to showcase my skills. I was popular with the fans but I was getting beaten up night after night. I had to forget all the rules, get aggressive and concentrate on winning. Now I wrestle any way I have to in order to win."

Molly admits that sometimes she has to make herself wrestle dirty and deliver some brutally painful punches and holds to prevent being hurt early in the match. The 5'5", 125 pound grappler does whatever is necessary to insure victory. "Truly I don't have a style. I want to win like anyone else and in order to win I have had to get mad, vicious and wicked. After all, don't most people think redheads are hot tempered and a little wild?"

Molly fumes any time she hears someone say she is too pretty to be a wrestler. "Let me tell you, pretty has nothing to do with it," she states

emphatically. "Whoever says that should get in the ring and experience a few of the beatings I've had. Sometimes I've left the ring in tears because I hurt so bad. My legs would be twisted and pulled until I thought they were going to break. I had my chest kicked to the point where I couldn't breathe. In short, I was too scientific to be effective."

"During one match I was slammed three times in a row and then power slammed by a girl who was almost 40 pounds heavier", Molly said. Was it Judy Martin, Lei Lani Kai, Reggie Bennett...? Molly wouldn't tell except to say that she finally snapped and would do anything to stop the hurting. That match changed her style, but she says she still likes the classic style best and with the right opponent she will take wrestling on the mat and prove her style there.

Molly is a personable athlete who is in super condition. She's tough, strong and gutsy. She is a nurse during the week and a wrestling weekend warrior. She pushed herself hard to learn the moves but it has paid off because Molly McShane is finally getting the recognition she so richly deserves. ■

Molly is ready for all comers.

Jamie West

Lash Cow

There's a feud escalating between two extremely talented wrestlers that show definite signs of boiling over. Jamie West and Brittany Brown are both vying to be the best that they can be and each wants to do it at the other one's expense.

Both Brown and West are looking to showcase their talents in the hopes that a national wrestling organization will sign them on to a lucrative contract. Each dreams of one day facing off against current WWF champion, Allundra Blaze. However, that dream is not anywhere near reality, so the two ladies face off against each other. They are both hoping to pulverize the other right out of contender status.

Brown and West train four nights a week in Malden, Massachusetts. There are no smiles when they spar, rather there are grunts of pain and grimaces

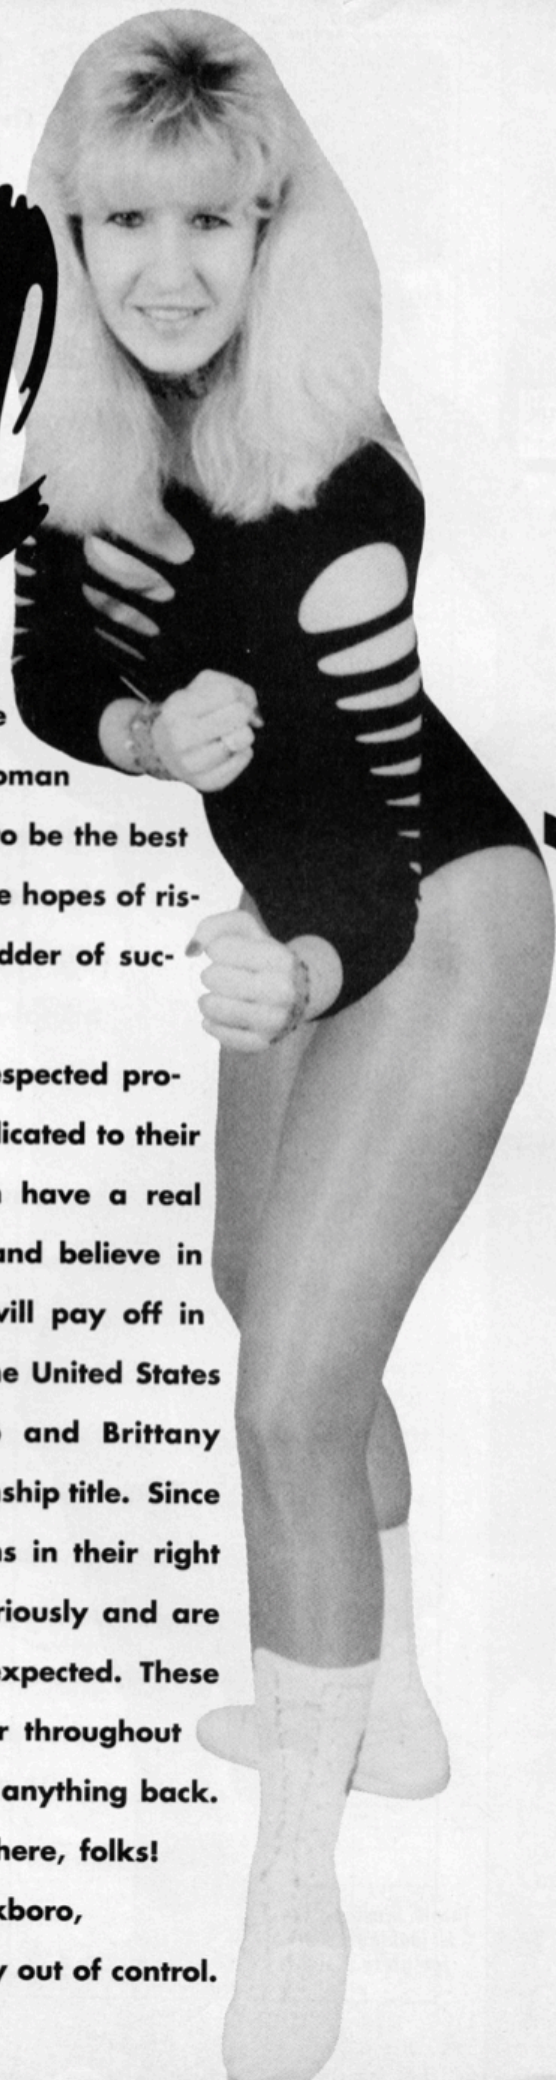

Of The Girl

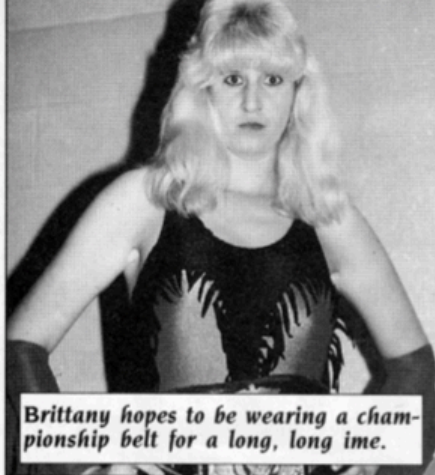

of despair as each practice with various partners. Each woman is single minded in her quest to be the best and defeat her opponent in the hopes of rising one more rung up the ladder of success.

These women are highly respected professionals who are utterly dedicated to their chosen profession. They both have a real love of the wrestling game and believe in the theory that hard work will pay off in the long run. Jamie West is the United States Wrestling Federation champ and Brittany Brown holds the IWF championship title. Since these two are each champions in their right they take each other very seriously and are always prepared for the unexpected. These two have wrestled each other throughout New England and never hold anything back. There are no punches pulled here, folks!

One particular match in Foxboro, Massachusetts went completely out of control.

Brittany Brown

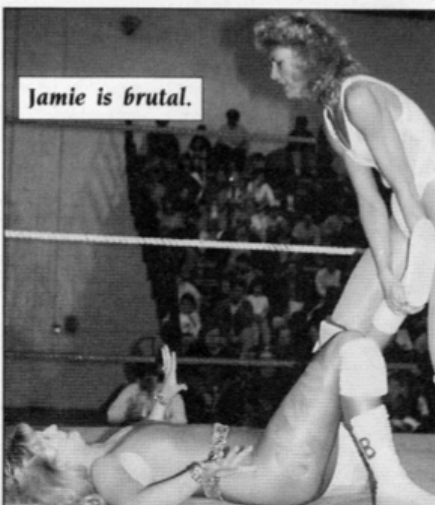

Brittany hopes to be wearing a championship belt for a long, long time.

This cowgal always has time for her fans.

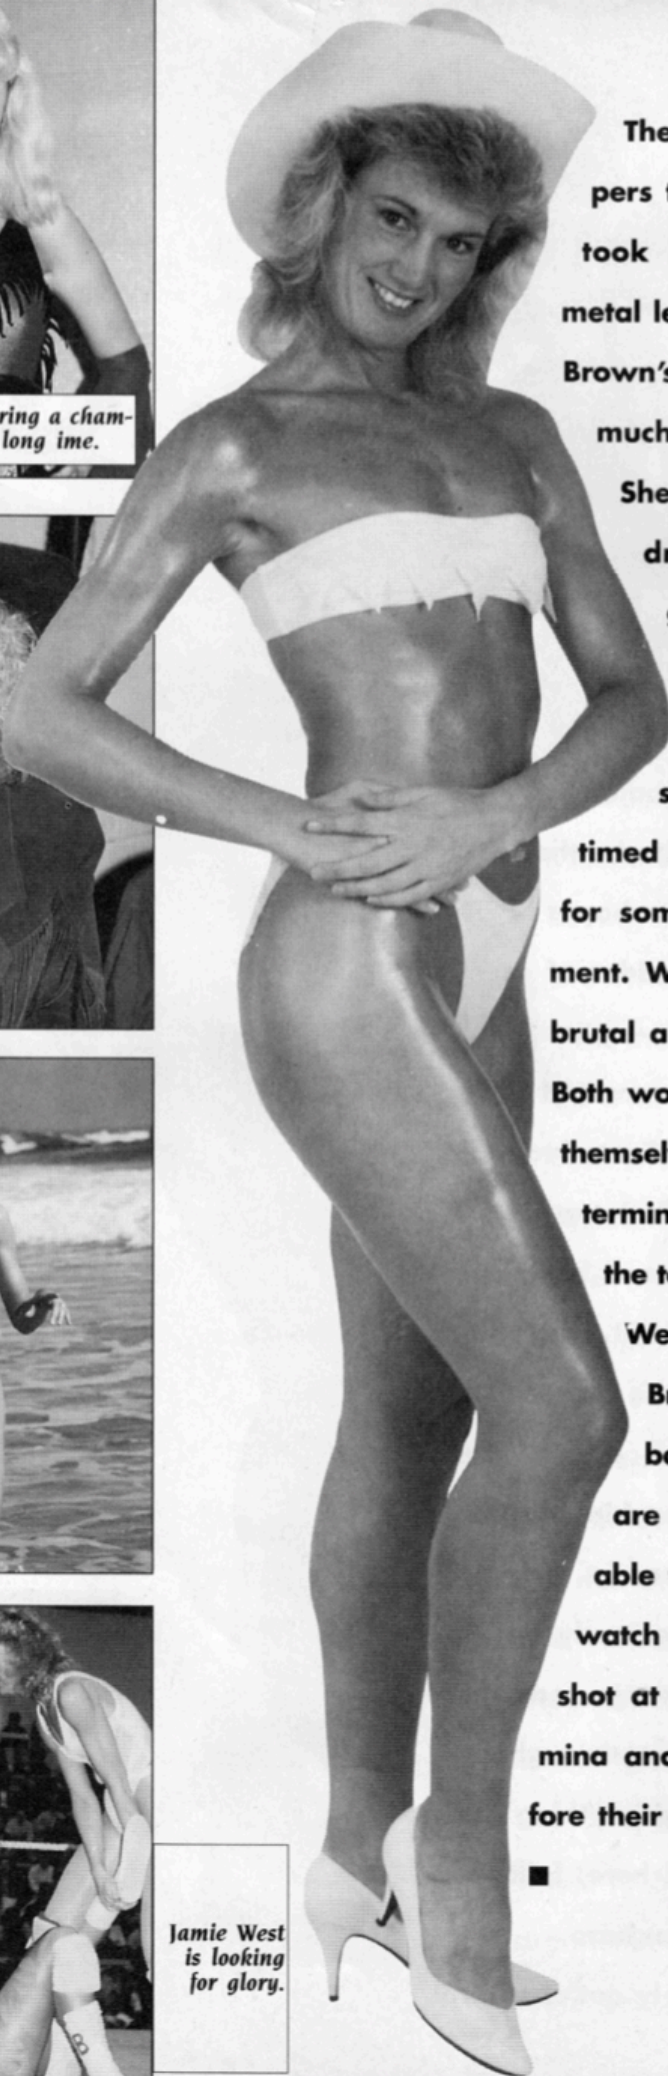

Jamie loves the beach.

Jamie is brutal.

Jamie West is looking for glory.

The ladies took their heated tempers to the arena floor. West then took hold of a chair, folded its metal legs and whacked it right into Brown's face. Still, Brown battled on, much to the delight of the crowd. She wouldn't let the blood that dripped out of a three inch gash on her forehead slow her down in any way. The referee eventually had to steady Brittany as he double timed her back to the locker room for some emergency medical treatment. West was disqualified for her brutal and unorthodox tactics. Both women have set lofty goals for themselves in the sport and are determined not to stop until they reach the top. The Cosmic Cowgirl, Jamie West and her tough counterpart Brittany Brown are ready to do battle any time, anywhere and are ready, willing and more than able to prove to anyone who will watch or listen that they deserve a shot at the big time. With their stamina and drive, it won't be long before their stars do indeed rise to the top

SUSIE

From

KREUGER

Ring To Ring

Susie always has tie for the press.

Last year, Susie Kreuger moved from a boxing ring to a wrestling ring. It was a natural transition because she's always loved boxing and wrestling. Today, she is very happy taking on some of the toughest ladies in the ring.

Three years ago she took up boxing and intended to make it her chosen profession. Susie considers herself a tomboy and always liked to use her fists. She just didn't know how to get involved.

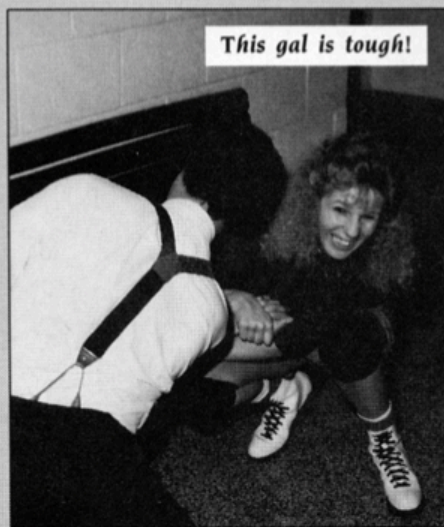

Two years ago she entered the annual TOUGH WOMAN contest in Greensboro—and won! Quite a surprise because the promoters thought she was just too small compared to other girls who were competing.

"They asked if I wanted to be a ring girl," said Susie. "I said I don't want to carry a placard around the ring. I want to compete in the ring."

Susie is 5'7" and was 125 pounds of brute force when she boxed. Her first bout pitted her against a girl who was shorter but weighed about 10 pounds more than her. The two went the full three rounds.

"It was a lot of fighting. I really didn't have any boxing strategy," says Susie. "The promoters were calling me 'Sweet Susie'. After I won that night I guess they wanted to take that back."

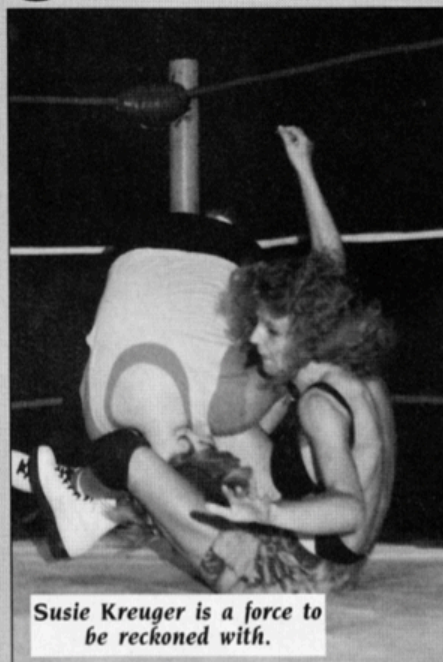

"The next night was for the championship. I was up against a girl that was twice my size." Yes, Susie had to fight a 210 pound amazon who was out for blood. Susie had different ideas though and literally came out punching. The match didn't last too long because Susie knocked her out in 48 seconds. Quite excited about

This gal is tough!

winning the purse, Susie knew right that and there that she belonged in the ring.

A promoter from North Carolina started Susie on a wrestling career not too long after that. He saw the

Susie Kreuger is a force to be reckoned with.

competitive spirit and knew she could do very well in the sport.

Susie gets a lot of personal satisfaction from being a wrestler. She loves traveling and seeing new places as well as meeting new people. Most of all, she has done several benefits and likes the feeling of helping others. "It does my heart good," she says.

Susie appreciates her fans and has started to be recognized when she's out. She loves classic rock, pizza and dressing up or down.

Wrestling is now #1 with her. She wants to achieve all she can. Her best holds are the sunset flip, figure four leg lock and flying head scissors. Susie is looking forward to meeting her competition nationwide but for now she's busy scheduling matches in the mid-Atlantic region. ■

QUEEN OF THE JELLO RING

There's a pretty, young girl from Wisconsin who has really carved a niche for herself in a fairly sparse area of the grappling game, namely women's jello wrestling. Ravishing Renee has been getting down and dirty in rainbow colored gelatin for almost two years and she's loved every minute. Her involvement in this messy mayhem came about suddenly, but Renee is no stranger to athletics. She excelled in both field hockey and softball while in school. After she graduated she became a model and dreamed of making a name for herself. Little did she realize she would do so in such a slick manner!

Renee has a great time on the jello mat.

Ravishing Renee

Wrestling comes easy to this mid western beauty.

Renee, like many other young girls dreamed of going to Hollywood and striking it big in show biz. She appeared in local talent contests and enjoyed karaoke and one day hoped to become a pop singer. Well, just as she planning to seek fame and fortune out west, her plans came to a sliding halt.

Beautiful Renee is up for all challenges.

This gal could slither out of anything!

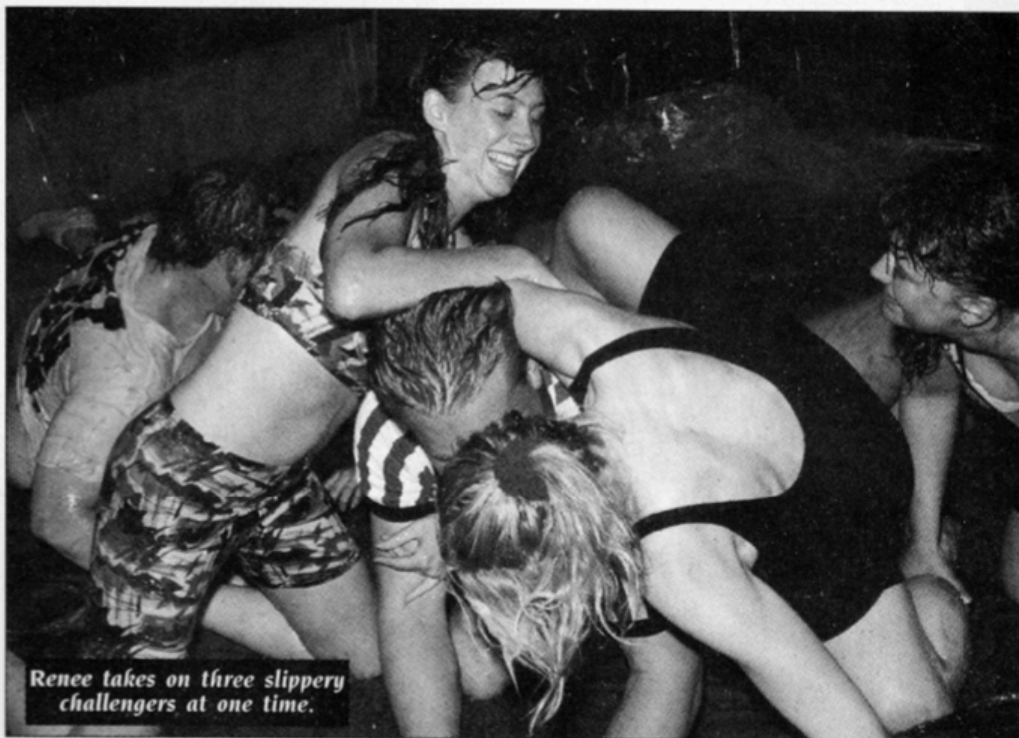

The competitors battle on fiercely.

She met a promoter who saw her sing at a local nightclub and he wasted no time in asking her if she was interested in wrestling in a jello match. "I was really taken aback," Renee claimed, "I couldn't believe my ears. Jello wrestling?!" Then I thought to myself I always liked wrestling. In fact, I just loved Ravishing Rick Rude who would beat his opponent, kiss a girl, then stand over her bumping and grinding. I always thought that was the funniest thing. So I said I would wrestle only if I could use the name "Ravishing Renee". The promoter said it was fine and then I thought, what the hell did I get myself into?!"

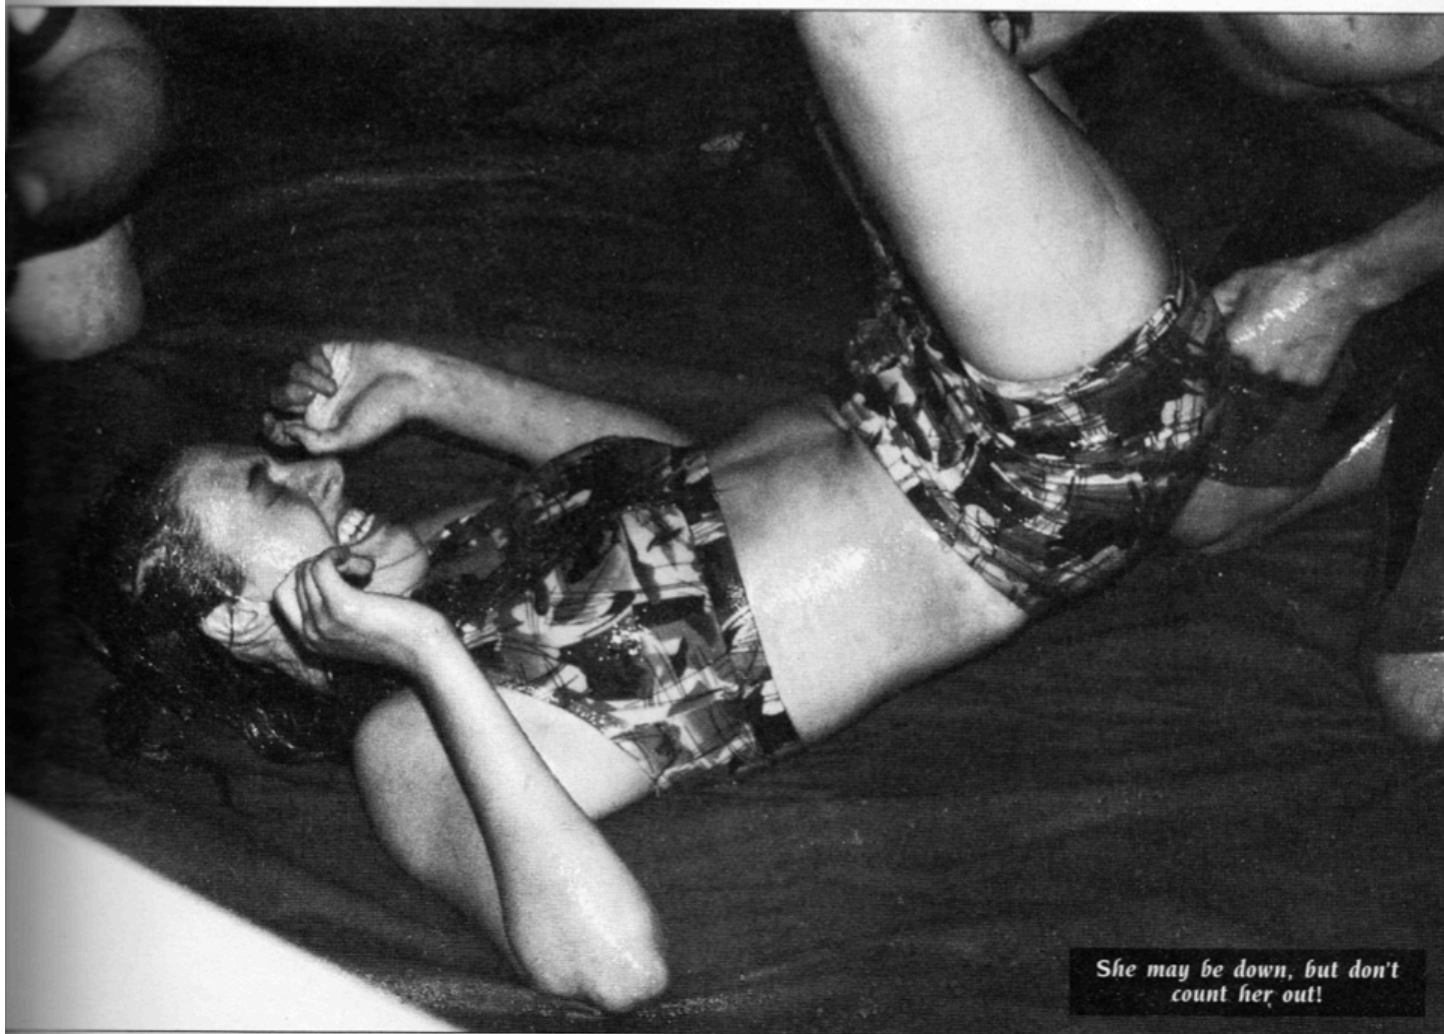

The rest is jello history. In April 1992 Renee wrestled her first two shows and pinned four of her opponents all under five minutes. "I really don't know why I've been able to win so easily," Renee said. "I just go out there, snap my opponent down to the mat and power their shoulders down for the pin.. For me, wrestling just comes natural."

Renee hasn't only defeated women, she's had men begging for mercy as well. "Most of the guys are so cocky. They just think that they're going to be able to roll around with me on the mat, but believe me, that's not the case at all," Renee said. "I recently wrestled a 200 pound bodybuilder who really thought he was so cool. He threw a handful of jello in my face and that he has won. Well, I charged him and grabbed his leg and he slipped right on to the mat. I then returned the favor by shoving jello in his face and then I sat on his back and started pulling his hair. He tried to get up a few times but he just kept sliding and eventually he landed flat on his face. That's when I decided to put

Renee takes on three slippery challengers at one time.

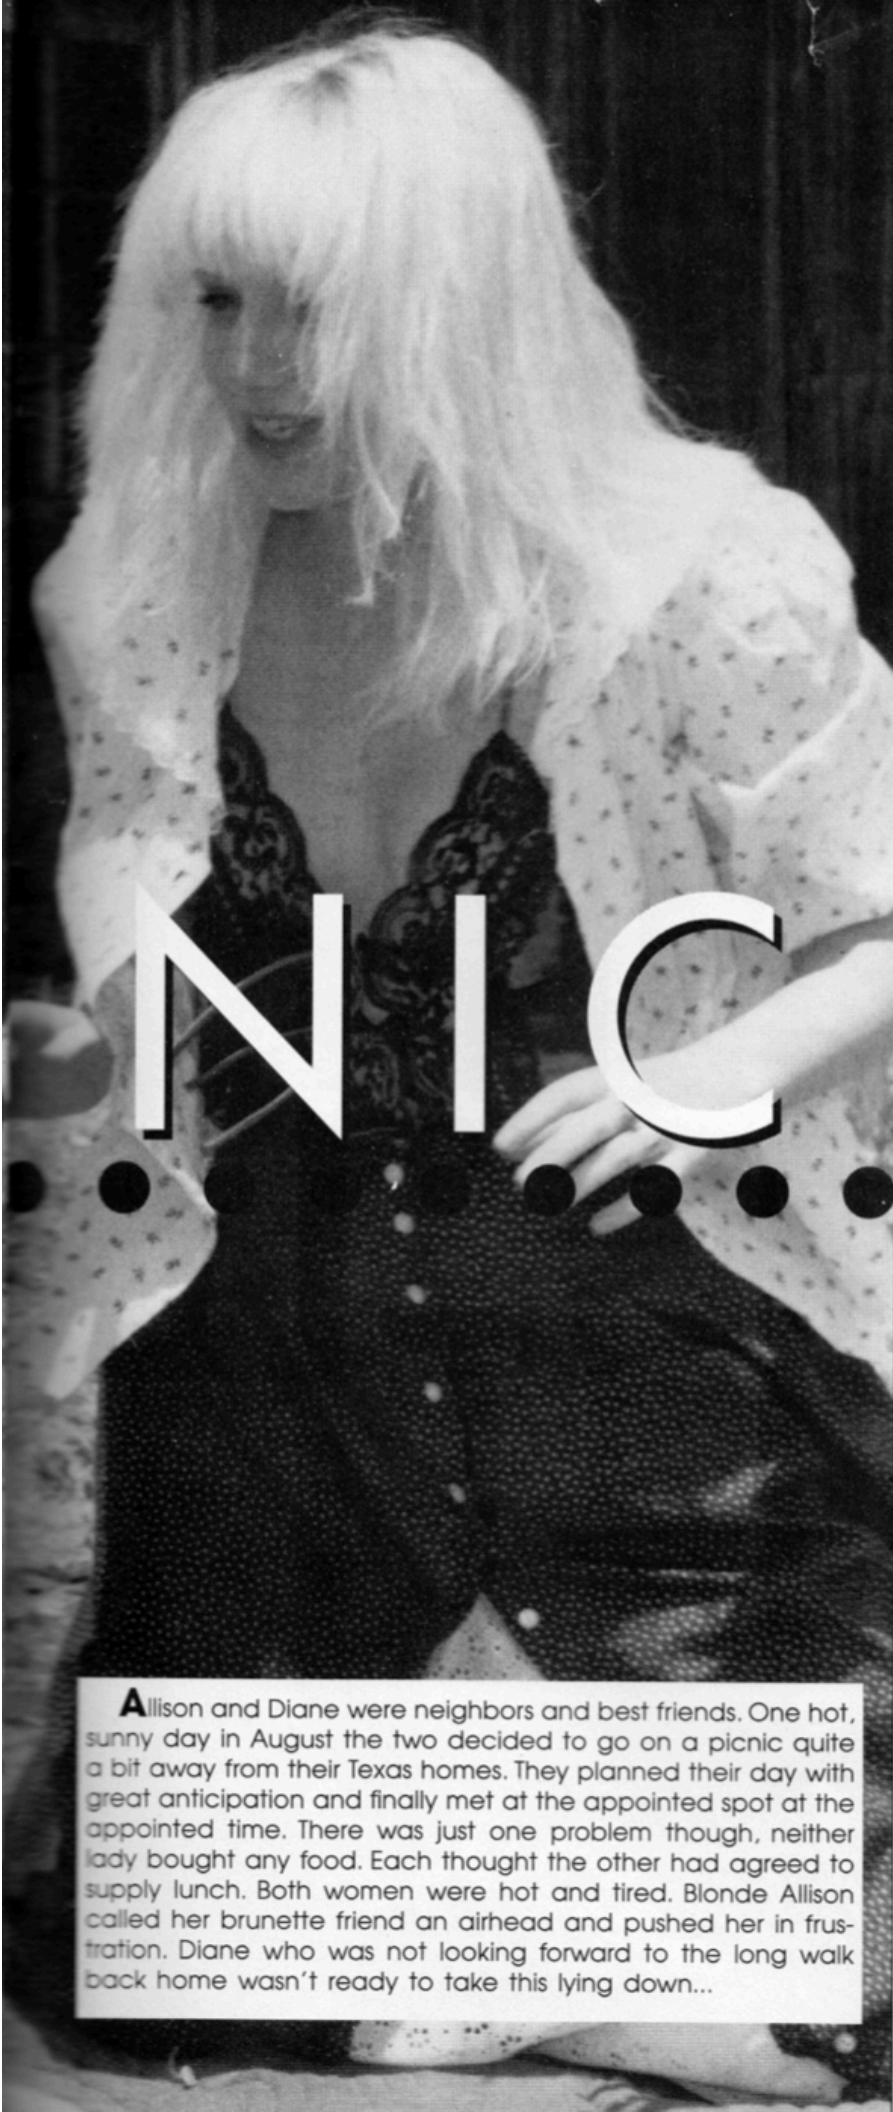

him out of his misery. I pinned the poor sucker a few seconds later and he didn't even realize it. Now if that's not fun, I don't know what is." Neither do we, Renee, neither do we.

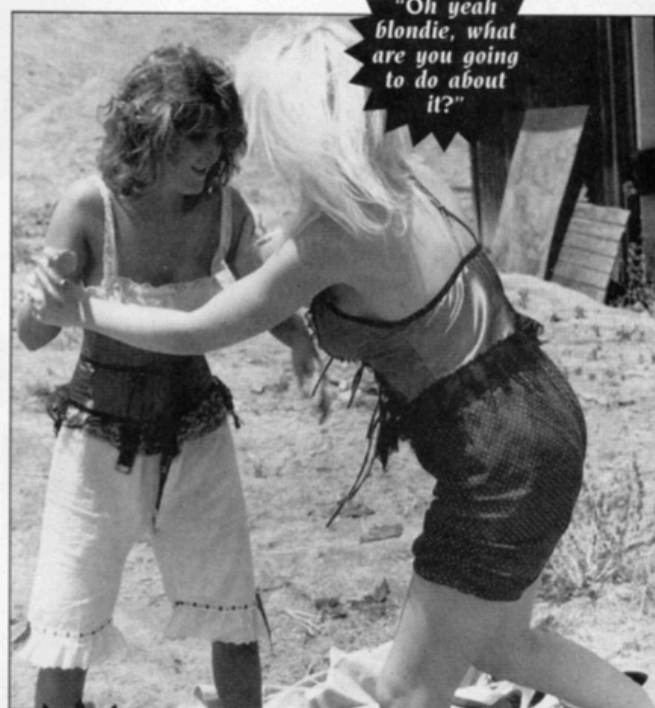

She may be down, but don't count her out!

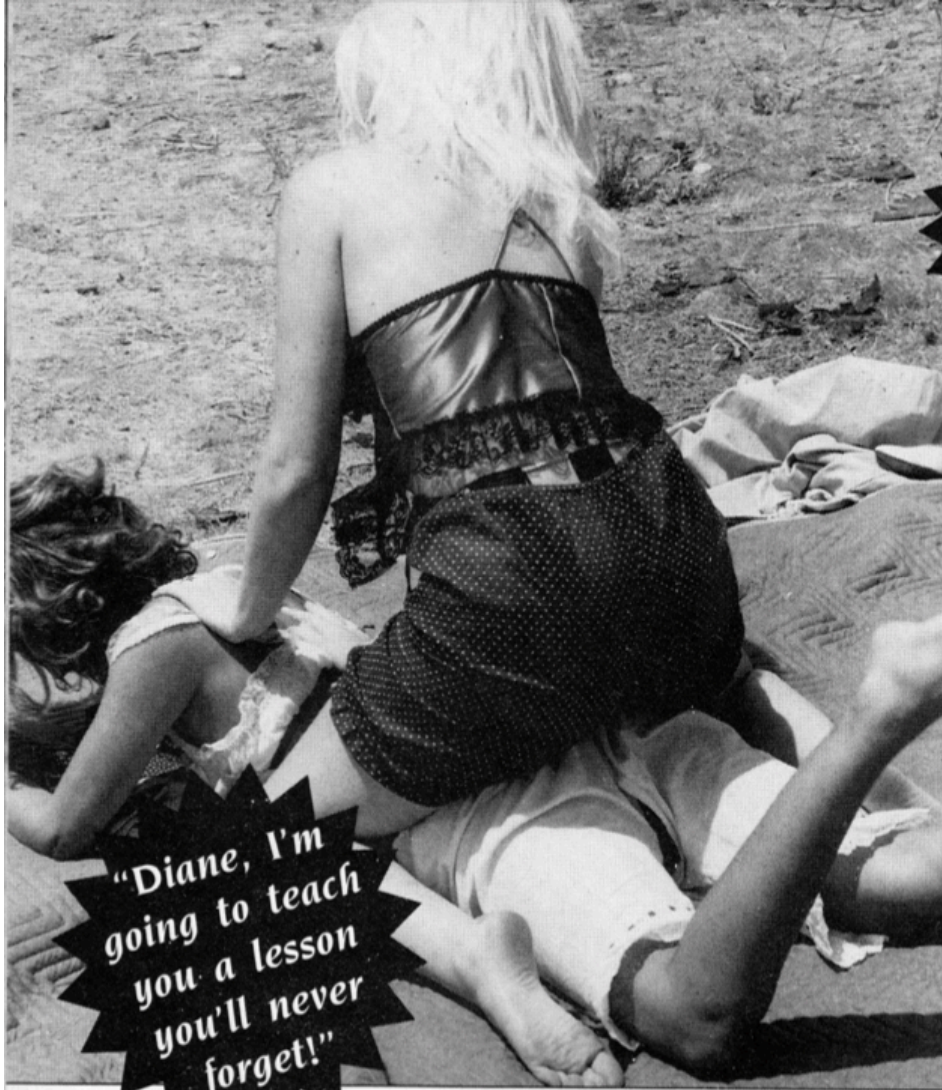

"Don't you push me, you blonde bimbo!"

THE PIC

Allison and Diane were neighbors and best friends. One hot, sunny day in August the two decided to go on a picnic quite a bit away from their Texas homes. They planned their day with great anticipation and finally met at the appointed spot at the appointed time. There was just one problem though, neither lady bought any food. Each thought the other had agreed to supply lunch. Both women were hot and tired. Blonde Allison called her brunette friend an airhead and pushed her in frustration. Diane who was not looking forward to the long walk back home wasn't ready to take this lying down...

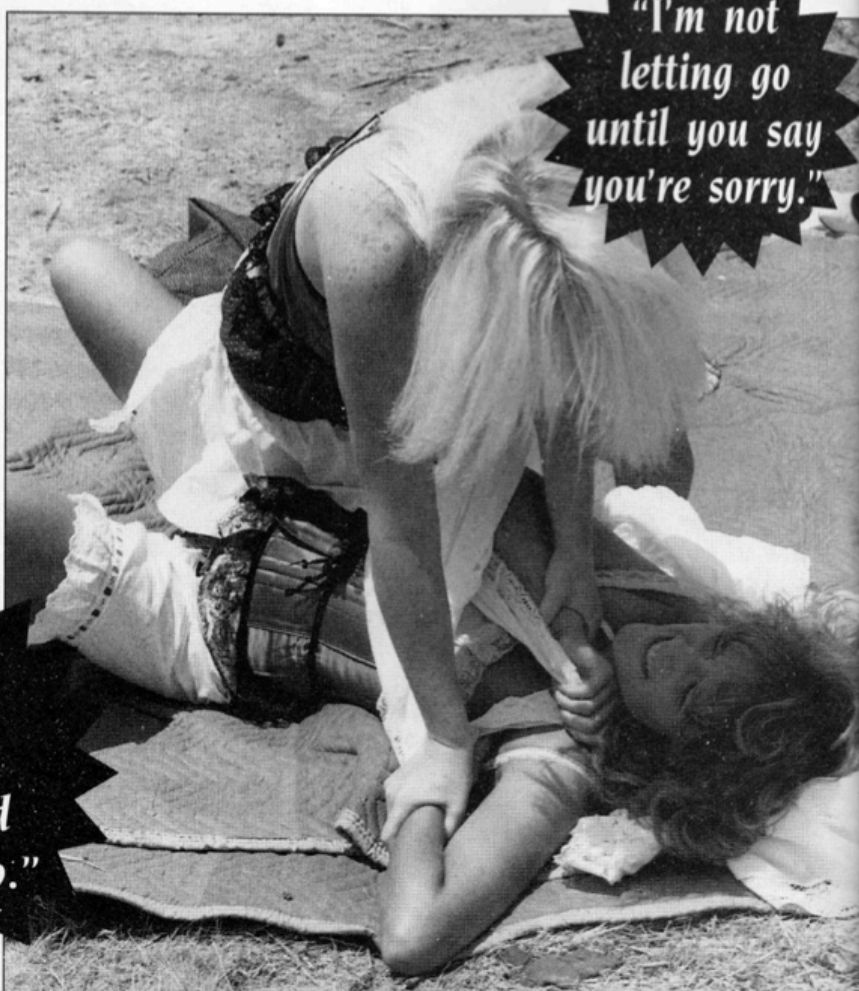

"Diane, I'm going to teach you a lesson you'll never forget!"

"Had enough yet, Diane?"

"You're gonna be sorry you ever called me a bimbo."

"I'm not letting go until you say you're sorry."

The Kentucky Showdown

Owensboro is a small town in Western Kentucky that really never had too much exposure to the wrestling scene, let alone all-girl cards. In fact, it was the first time this area ever hosted such an extravaganza of female talent.

Ten well matched wrestlers hit the ring and the fans were more than ready for them. Six matches were scheduled, including one battle royal and both wrestlers and those in attendance knew anything could and probably would happen on this momentous evening.

First up was Robbie Rage and Bambi. Both girls were evenly matched but Bambi came out on top with a series of hard mat slamming throws and a pile driver that took its toll on the popular Robbie Rage. Rage and Bambi both gave it their all and Bambi was more than a little in awe of her opponent. "Rage is a very tough girl," she said. "I had to watch her every move because she will do some crazy things when she's not winning. I

would like to wrestle her again, and not because I think I could beat her. No, Robbie has quite a few moves that could have easily taken me out of the match. She's really, really good."

Blondie was just too much for newcomer Nikki Lane. Blondie filled in for Dominique Ferrari and took early control of the match. Lane did an admirable job against her heavier opponent but a Boston Crab hold on the pretty, young blonde had her screaming in pain.

San Antonio Rose gave Peggy Lee Leather a real tough time. These two heavyweights had the ring shaking as they unloading blows on each other. Peggy Lee was victorious but she says she looks forward to squaring off against Rose one more time.

Molly McShane's match against Malia Hosaka was a real thriller. The two had each other flying across the ring in all directions. Hosaka knows a lot of Japanese style wrestling moves and throws. McShane has studied these moves and had been in training to counter

the attack. The battle was grueling and when all was finally said and done, Molly emerged victorious. Malia promised revenge. "I want a rematch and the next time we'll just see who wins," Hosaka fumed. "I'll take her to the mat and give that redhead the beating of her life. I can't wait to meet up with her again!"

Candi Divine faced off against Lei Lani Kai who seemed surprised at Divine's finesse. Still, Kai managed to gain the upper hand and even threw Divine from the ring where it was later discovered that she suffered from a broken ankle.

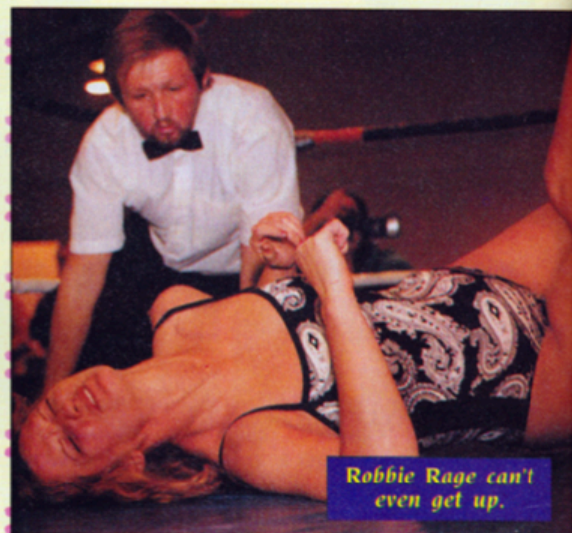

All the girls except for Divine and Blondie, who had bruised her ribs when she faced off against Nikki Lane, participated in a wild and frenzied battle royal. Bambi came out the winner in that match and all the fans who were in attendance agreed they also came out winners! ■

Peggy Lee Leather and Malia Hosaka sign autographs.

Malia looks dazed and confused.

Robbie Rage can't even get up.

Peggy Lee won this heavyweight challenge.

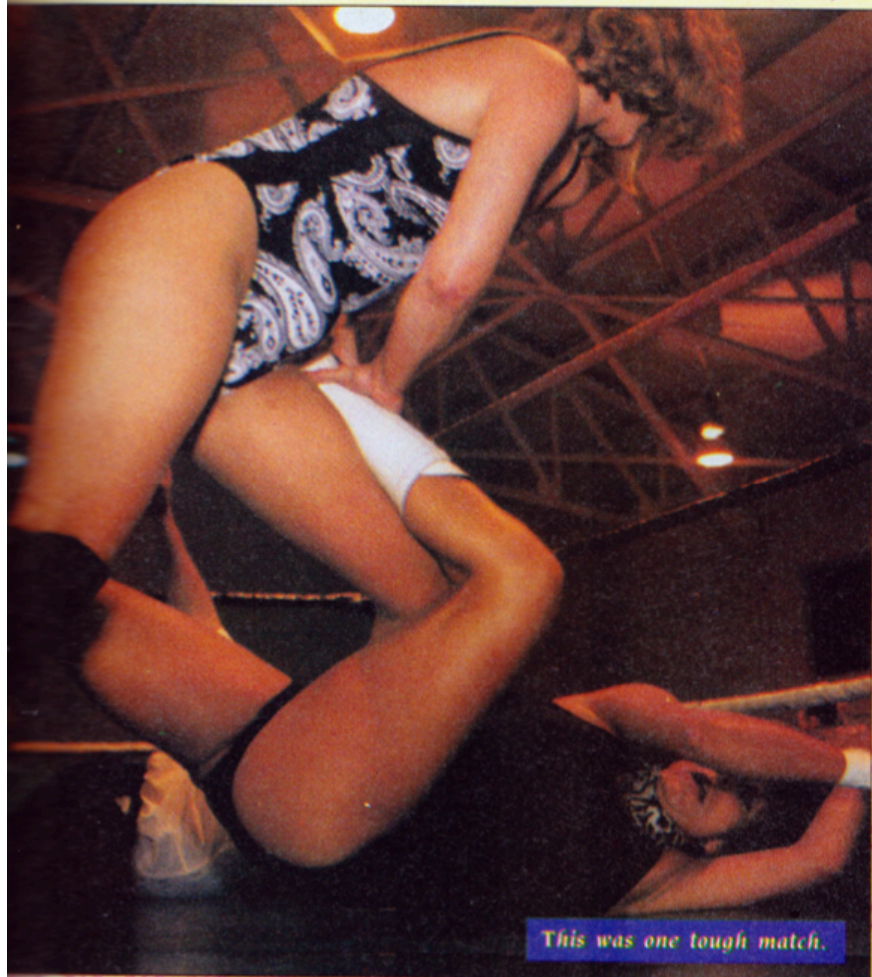

Uh oh Rose, watch out!

Peggy Lee Leather teaches San Antonio Rose a lesson.

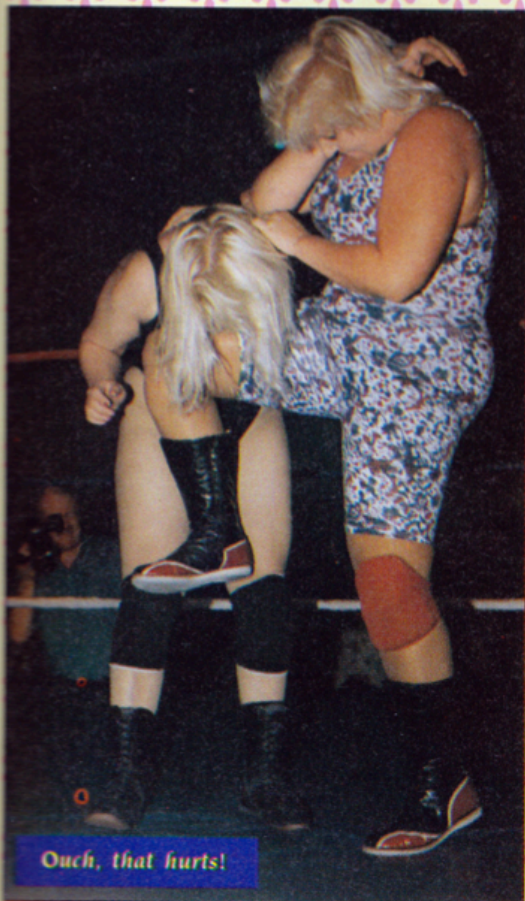

Molly McShane tortures Malia Hosaka.

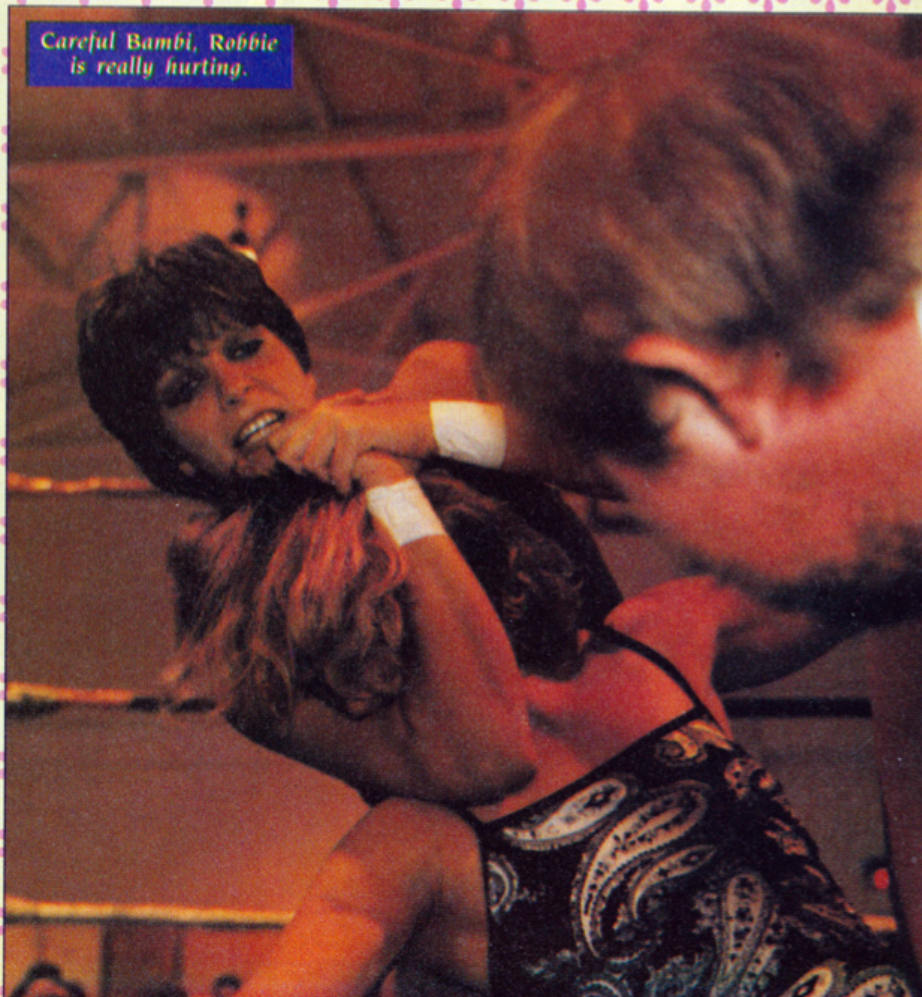

This was one tough match.

Bambi goes for the pin.

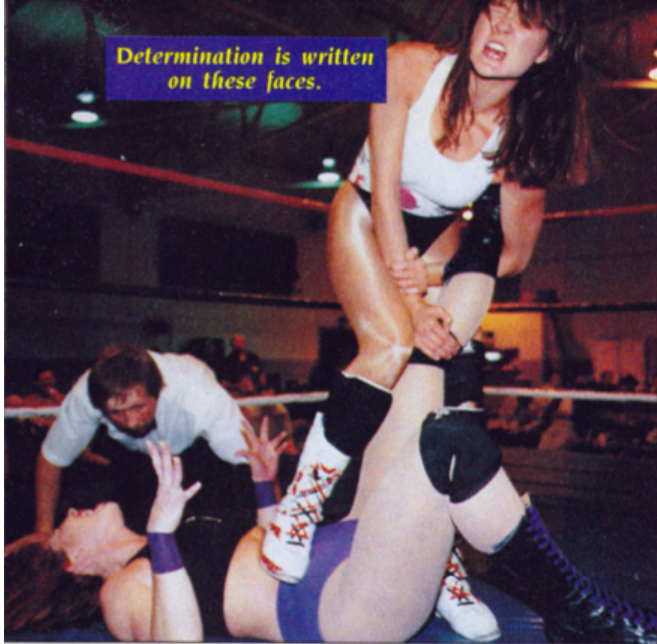

Ouch, that hurts!

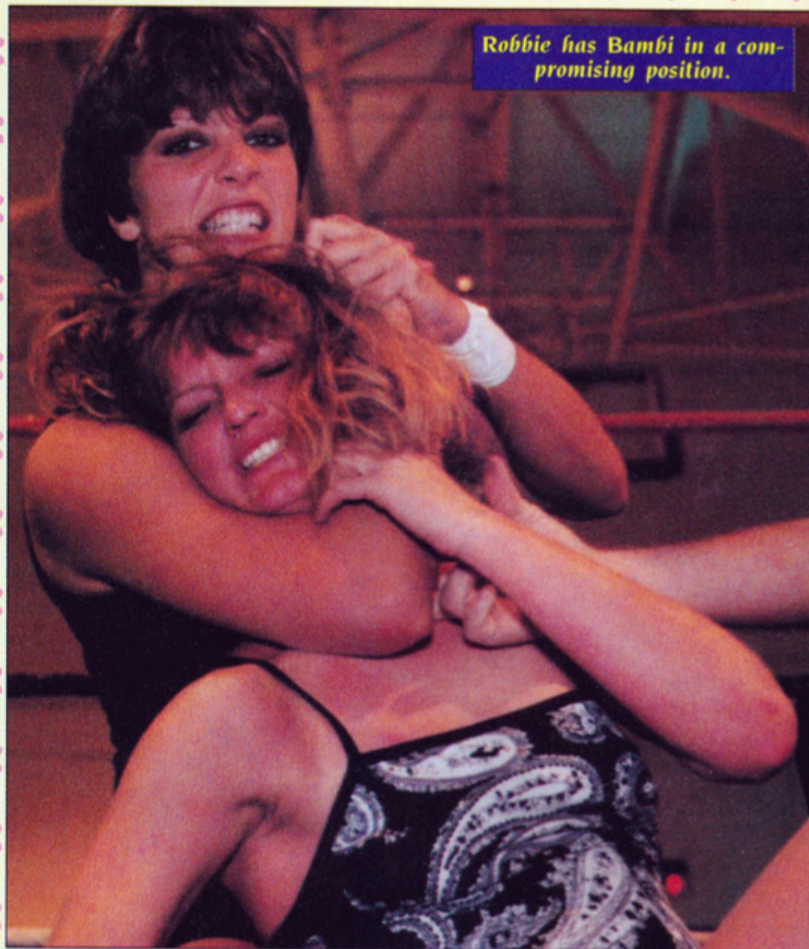

Careful Bambi, Robbie is really hurting.

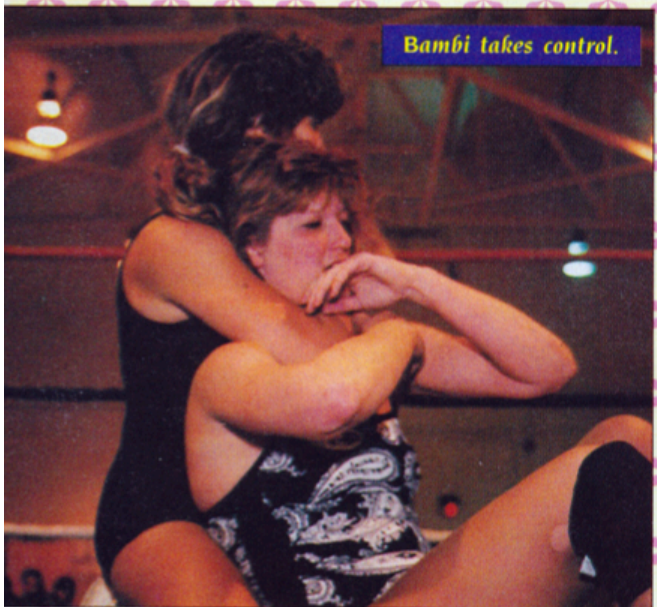

Determination is written on these faces.

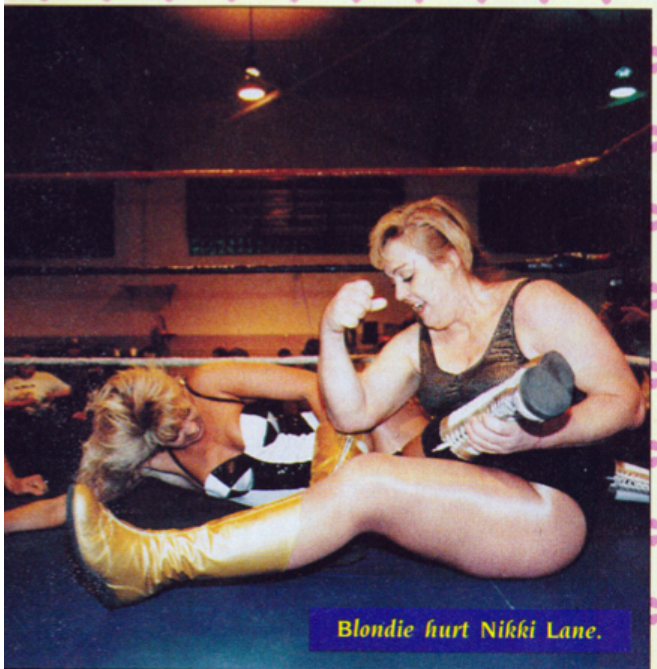

Robbie has Bambi in a compromising position.

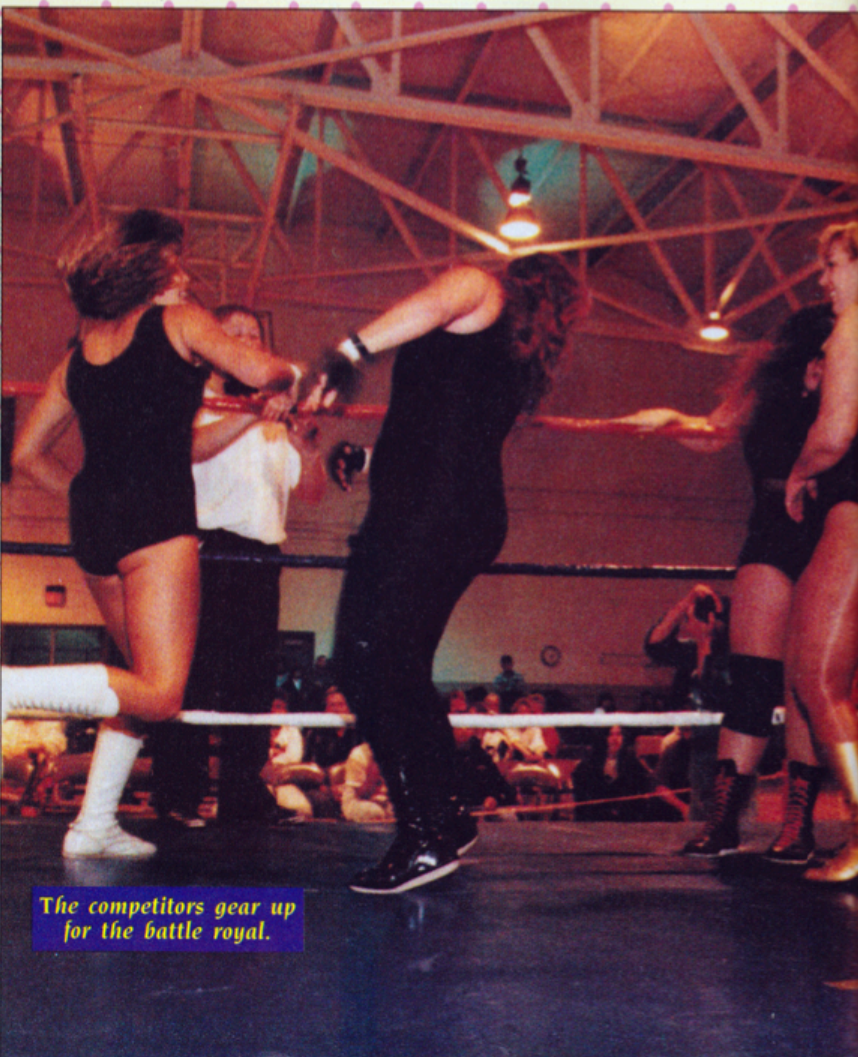

Bambi takes control.

Blondie hurt Nikki Lane.

The competitors gear up for the battle royal.

LORI "ICE" FETRICK

The Lady Is A Gladiator

Lori has gained popularity world wide as an American Gladiator.

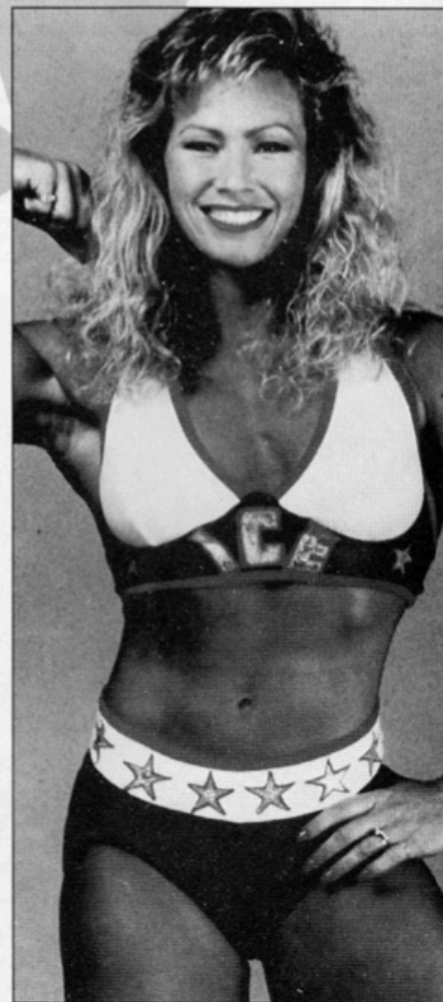

Lori Fetrick is best known to her fans as the chiseled, blonde haired, green eyed Gladiator "ICE" on the smash hit syndicated "The American Gladiators". Yet long before she appeared on television, Fetrick discovered the great benefits of being a strong, fit woman. "Once you get in shape, stay in shape," says Fetrick. "Don't let your mind talk you into taking a day off from exercise."

Fetrick, 5'7" and 148 pounds of pure muscle, has been involved in athletics all her life. She was active in volleyball, softball and basketball all through her school years. In her early 20's she became a national level competitor in body building. When the opportunity came to try out for the Gladiator team, Fetrick's experience with rigorous sports and challenging workouts helped her land the job. Her athletic talent, gorgeous smile and warm, friendly personality have made her a favorite with fans.

Lori Fetrick has come to define the ideal woman of the 90's. She's muscular yet feminine, powerful yet friendly, strong but still sexy. She's a cross between a super hero and your older sister. She's the woman men dream of meeting...and the woman women dream of becoming.

She has a new video available, LORI FETRICK'S POWER WORKOUT and it personifies her beliefs in exercise and determination. Fetrick gained her million dollar body by hard work and it certainly paid off. She says, "I know how to train and I have created a program that will get results."

In addition to being a star on the American Gladiators and a Hollywood actress, Lori is also quite busy making personal appearances throughout the country at shopping malls, grand openings, baseball card shows and collectible shows. She can be spotted coast to coast signing autographs, posing for photos with her fans, chatting about the Gladiators and even giving fitness tips. If "ICE" comes to a location near you, be forewarned, get there early! The lines have been extraordinarily long to meet this talented, exuberant, sexy female hero! ■

It takes a lot of hard work to look as good as this!
